Why is GMAT and GRE not asked for by all Australian Universities?

Australian Universities are recognized worldwide. The reason why Australian Universities do not insist upon students going for a GMAT or GRE etc. is because these exams are for American Universities so students have to give these tests to be judged by American Standards. Dear Sir / Madam,

From the day I arrived at Sydney, the city welcomed me with open arms. The cityscape is just stunning, with fresh air, organized traffic, clean parks & beaches and the locals are extremely polite. Every single day has literally been an adventure with so many fairs and festivals to attend (even on a shoe string budget!). I've been to Wine fests, Mardi Gras and the Easter show.

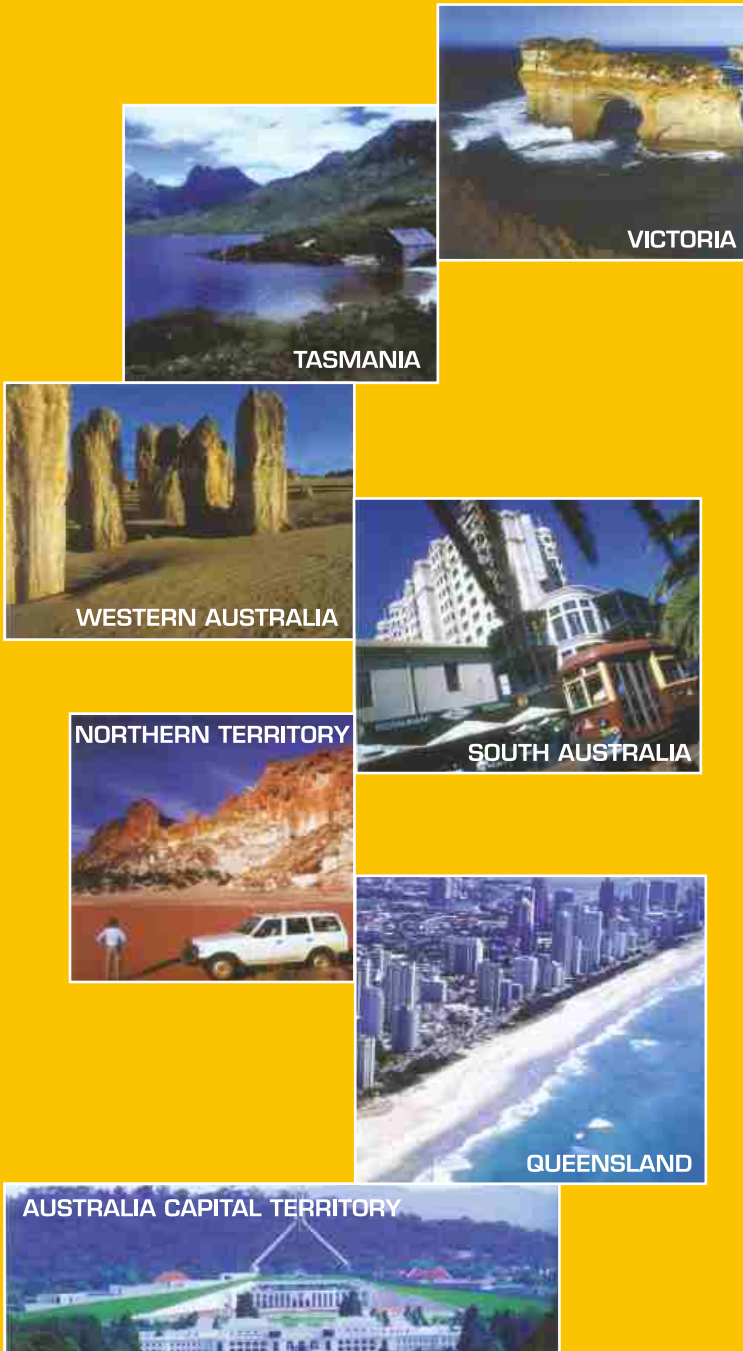

I have to thank Edwise and my counsellor for this. If it wasn't for all the efforts of the Edwise team to make me reach here, I wouldn't be having this experience of a lifetime. Sydney is everything I dreamed it would be and thanks to Edwise, I am already planning to settle down here.

Thank you,
Shane Fernandez
